Celebrate.  
Remember.  
Fight back.

## What is Relay For Life?

Cancer Research UK's Relay For Life is a family festival celebrating the power of community fundraising in the fight to beat cancer.

Teams of friends and family fundraise for life-saving research then unite at a weekend-long festival to honour everyone affected by cancer and celebrate the progress made in research.

The festival is focused around a 24-hour relay where team members take it in turns to walk around a track to show that together we'll do whatever it takes to beat cancer.

By starting or joining a Relay For Life team today, you can help bring us a step closer to the day when all cancers cured.

Together we will beat cancer

## What happens over the weekend celebrations?

Each Relay is organised by a dedicated local volunteer committee, to deliver an incredible weekend of celebration and remembrance.

- Our special guests are our Survivors of cancer. Each event begins with their Lap of Honour.
- Team members take it in turns to walk laps of a track all day and all night.
- A variety of stalls, games and music from local performers. There's something for the whole family to enjoy!
- Talks about Cancer Research UK's ground-breaking science.
- A Candle of Hope ceremony sees the evening lit up to honour everyone affected by cancer.
- Friends and family camp overnight and soak up the festival atmosphere.
- A closing ceremony celebrates our achievements and inspires us all to continue the fight to beat cancer.
